Week 1: Suggested Readings

Bookmark this page

1. **Artificial Intelligence: A Modern Approach**, 3rd Edition Russell & Norvig.
Please note: This book is strongly suggested but is not mandatory to complete the course.

2. Is Artificial Intelligence Permanently Inscrutable?
http://nautil.us/issue/40/learning/is-artificial-intelligence-permanently-inscrutable.
This article talks about model correctness versus interpretability, which is a very important "higher-level" concept.

- Week 4: Adversarial Search and Games
