Question 1

1/1 point (graded)

True or False: You can set up a web scraping script to collect information on websites from the past.

a. True

b. False ✔

Explanation

As Professor Duflo mentions, you can set up a web “scraper” to collect information from now to a certain period of time, but cannot use it to collect past information. If you are looking for information from the past, you should check the Way back machine mentioned on the slides.
