Post-Course Survey

This exam contains 20 questions based on the concepts, principles, and techniques you have learned in this course and the recommended further reading materials. Your score for this exam accounts for 50% of your overall grade for the course.

Submit you answer for each question to complete the exam. Note that you are allowed only one attempt per question, and that some questions may require you to select multiple options.

To preserve the integrity of the exam, we ask that you refrain from posting any information in the course discussion forum or elsewhere that will help other students identify the correct answer to any question in the exam. The correct answer will not be displayed in the event that you submit an incorrect answer.

In the event of a dispute, the decision of the course staff is final.
