

QUICK QUESTION 6 (1/1 point)

Redo the map from Video 6, but this time fill each state with the variable GunOwnership. This shows the percentage of people in each state who own a gun.

Which of the following states has the highest gun ownership rate? To see the state labels, take a look at the World Atlas map [here](http://www.worldatlas.com/webimage/testmaps/usanames.htm) (<http://www.worldatlas.com/webimage/testmaps/usanames.htm>).

- ☐ California
- ☒ Montana 
- ☐ Texas
- ☐ Louisiana
- ☐ Missouri

EXPLANATION

You can generate the gun ownership plot using the following command:

```
ggplot(murderMap, aes(x = long, y = lat, group=group, fill = GunOwnership)) + geom_polygon(color="black") +
scale_fill_gradient(low = "black", high = "red", guide="legend")
```

Of these five states, the one that is the most red is Montana.
