### Question 1

1 point possible (graded)

Which of the following would be required to release collected data, unless confidential, under the United States' "Freedom of Information Act"? (Select all that apply)

☒ a. Facebook

☐ b. United States Drug Enforcement Agency (DEA) ✓

☒ c. United States Department of Health and Human Services ✓

☒ d. MIT

### Explanation

As discussed in this segment, the "Freedom of Information Act" is a law that gives citizens the right to access information from the United States federal government. Agencies must provide any information requested unless the information is protected from disclosure by law. Note that the law only applies
