

## Guide to Poker Hands (from Highest to Lowest)

*For a standard poker hand of five cards:*

**royal flush:** 10, jack, queen, king, and ace, all of the same suit

**straight flush:** an unbroken sequence of denominations all of the same suit

**four of a kind:** four cards of the same denomination

**full house:** three cards of one denomination and a pair of another denomination

**flush:** five cards of the same suit, but NOT in an unbroken sequence of denominations

**straight:** five cards in an unbroken sequence of denominations, but NOT of the same suit

**three of a kind:** three cards of one denomination

**two pair:** a pair of one denomination and a pair of a different denomination

**one pair:** a pair of one denomination
