

[Unit 2: Boundary value problems](#)

[Course](#) > [and PDEs](#)

> [4. Boundary Value Problems](#) > 1. Boundary value problems

1. Boundary value problems

Objectives

After this section and some practice, you should be able to:

- Understand why **boundary value problems** do not satisfy the **existence and uniqueness theorem**.
- Solve simple boundary value problems with specified **boundary conditions**.

1. Boundary value problems

Topic: Unit 2: Boundary value problems and PDEs / 1. Boundary value problems

💬 [Maybe consider extending this deadline as well](#)

I just finished the first part of this course (due today!) and ten days seems short for this amount of material. But I'll keep plugging away regardless... my schedule was totally s...
