

[Module 1 - Introduction to Deep](#)[Course](#) > [Learning](#)> [Learning Objectives](#) > Learning Objectives

## Learning Objectives

### Learning Objectives

In this lesson you will learn about:

- Exciting applications of deep learning and why it is really rewarding to learn how to leverage deep learning skills.
- Neural networks and how most of the deep learning algorithms are inspired by the way brain functions and the neurons process data.
- How neural networks feed data forward through the network.
