## LAB 5B: PUBLISHING MODELS IN AZURE ML

In this lab you will publish one of the models you created in a previous lab as a web service.

1. If you have not already done so, download the [Setup Guide](#) and follow the instructions to sign up for an Azure Machine Learning subscription, and install and configure the required software. There are no lab files for this lab.
2. After you have created an Azure ML subscription, follow the instructions in the [Lab 5B](#) document to complete the lab.

**Note:** The setup guide, lab files, and lab documents for this course are available in the **Handouts** section of the [Course Info](#) page.
