

1.4.5 Unit 1 Homework Discussion ONLY Forum

HOMEWORK PROBLEMS FORUM FOR UNIT 1

We will have a second forum each week to keep homework problem discussion separate from discussion of practice problems and the course material.

For homework problems, use the forum below. Posting full solutions to homework problems in the forums is **NOT** allowed. The staff will be proactive in removing posts and replies in the discussion forums that have stepped over the line.

Please **SEARCH** the forum for an answer before posting a question.

REPLY to the thread that matches the problem number.

Unit 1: ONLY Homework Problems Discussion

	Why does the order of people pressing the buttons matter in the elevator case?	2
	4c	2
	Why can't we reason in this way: to be born on Jan 1st, the probability is 1/365. So for the left-hand side, the total probability of the event occurring $(1/365)^3$. The sam...	
	Interpretation of Problem 4c?	5
	Hello, it's not clear for me the sentence "find the probability that in a group of 3 people, 1 was born on each of January 1, 2, and 3". My interpretations are: - the probab...	
	Unit 1 - Homework Problem 4	3
	Use this thread to discuss Homework Problem 4 of Unit 1. Please adhere to the forum policy and in particular don't post (perceived) solutions to Homework Problems.
