### 4.1.8 Problem Set: Background reading on Martian landers

 Bookmark this page

Here is some fun but totally-not-required background on Martian Landers!

- [A great video about the final minutes of the landing of Curiosity](#) (which is the one you are simulating). Really, this is nearly required if you haven't seen it before.
- [A short overview of the Perseverance entry, descent, and landing](#), which landed on Mars in February 2021.
- [Video of Perserverance parachute deployment and landing](#)(the real thing!)
- [Possibly more than you ever wanted to know about the Martian Science Laboratory which Curiositv was a part of](#). Thanks Wikipedia!
