Question 1

1/1 point (graded)

Which of the following are consistent with the evidence presented in class about the prevalence of online auctions through eBay? (Select all that apply.)

- ☒ a. Online auctions have become less common over the past 10-15 years ✓
- ☐ b. Online auctions are as common of a way of selling goods online now as they were 10-15 years ago
- ☐ c. Over the past 10-15 years, revenues from online auctions have declined more than the prevalence of sales by auction
- ☒ d. Over the past 10-15 years, revenues from online auctions have declined less than the prevalence of sales by auction ✓

► **Exit Survey**

The evidence presented in class supports the notion that online auctions through eBay have become less common over time compared to selling goods at a posted price. However, revenues from auctions as a share of total revenues have decline less than the prevalence of sales by auction compared to total sales.
