This Week

● ⑦ Minesweeper AI empty sets

CS50 AI – Projects – Minesweeper   Warren Brown   now

⑦ Questions project 6

CS50 AI – Projects – Questions   Jaya Shankar   4h   💬 1

● 💬 nltk_data error

CS50 AI – Projects – Questions   Anonymous   3d   💬 1

preceding and immediately following layers.,
score: 7.700756496179473, qtdensity: 0.3,
idfs: {'neurons': 2.567904, 'connect': 5.132853}

sentence 2: They can be pooling, where a group of neurons in one layer
connect to a single neuron in the next layer, thereby reducing the number of
neurons in that layer.,
score: 7.700756496179473, qtdensity: 0.2,
idfs: {'neurons': 2.567904, 'connect': 5.132853}

sentence 3: An artificial neural network consists of a collection of
simulated neurons.,
score: 7.05363780998623, qtdensity: 0.42857142857142855,
idfs: {'neural': 2.215082, 'network': 2.270652, 'neurons': 2.567904}

sentence 4: The Stilwell Brain – a Mind Field episode featuring an
experiment in which humans act as individual neurons in a neural network
that classifies handwritten digits,
score: 7.05363780998623, qtdensity: 0.17647058823529413,
idfs: {'neurons': 2.567904, 'neural': 2.215082, 'network': 2.270652}

sentence 5: However, the proof is not constructive regarding the number of
neurons required, the network topology, the weights and the learning
parameters.,
score: 4.838555615250005, qtdensity: 0.16666666666666666,
idfs: {'neurons': 2.567904, 'network': 2.270652}
