# Submitting Lab 3b to the Autograder

 (100/100 points)

After you have successfully completed as much of the **lab 3b** as you can, and submitted your notebook to the course autograder, you will have a submission ID. You can submit your submission ID to edX to have your score recorded in your grade book for the course.

Enter your **autograder (not edX)** username (email address) and submission ID by replacing [FILL_IN] with your information.

For example:

autograder username = tester@test.com

submission ID = 123456789

```
1 autograder username = sandipan.dey@gmail.com
2 submission ID = CS110x-lab3b-bd5f5d7e-af29-4bdd-964c-4b06aff16c06
3
