Question 19

1.0/1.0 point (graded)

The formulation of the question below is incomplete. It is included to avoid any ambiguity. The complete question and proposed solutions are available in the PDF file.

We obtain the following tree [see PDF file] for which x_i^* is the optimal solution for the relaxation problem P_i , when solving an integer linear minimization problem by the Branch and Bound algorithm. Select the correct solution.

- ☐ Solution 1. The value of the optimal solution is 10.
- ☐ Solution 2. A lower bound for the optimal solution value is 10.
- ☒ Solution 3. The value of the optimal solution is 8.
- ☐ Solution 4. There are still nodes in the tree that need to be explored.
