Permission to show your final report

We want to make an exhibition for your final reports: a page in this course with links to your reports. It will show off what you all did in your modelling projects. It is not a competition: we would like to include all your reports.

Of course, we need your permission for that. (When you have worked in a team, check whether your teammate also gives his or her permission.)

The standard licence for publishing your report on this page is the one we have used throughout this course:

This work is licensed under a Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International License.

If you have other conditions, just state so, and we will add that on the page.

So please, give your permission in the discussion below. When you add your name(s) and country/countries, and we will use that as a description in the exhibition.

Permission to show final report
