Israel lottery draws same numbers twice in a month

The Associated Press

JERUSALEM -- Now that's a lucky number.

For the second time in a month, [Israel's](#) biweekly national lottery produced the same winning combination: 13, 14, 26, 32, 33 and 36.

The results of Saturday night's draw were identical to those of Sept. 21.

Chairman of Israel's National Lottery Authority, Saul Sutnik, called the outcome a "rare probability" and said the results were checked several times to verify them.
